Surface-mounted luminaire LINURA.edge - LEA 2100/850/ST

114044000-00801380

light source
LED
Energy efficiency category A/A+/A++
without

work equipment

connected load

Power consumption
22-26 V; DC
approx. 21 W
approx. 2205 lm
approx. 105 lm/W

luminous flux

luminous efficacy

light distribution
direct
neutral white, approx. 5000 K
> 80

colour temperature
screen

color rendering index (CRI)
IP54
III

glare control

System of protection
switchable
external

class of protection

technology
aluminium/plastic, anodised; painted, aluminium coloured

operation
anodised

luminaire body

lamp cover
Acrylic satin

weight (net)
approx. 0.4 kg, (0.88 lb)

mains supply
built-in plug

M12-A-5

design

Fastening
mounted version

dimension
bracket

A=1035mm, C=990mm, C1=1020mm
A=40.74in, C=38.97in, C1=40.15in

special features
through-wired

illuminance
luminous intensity
