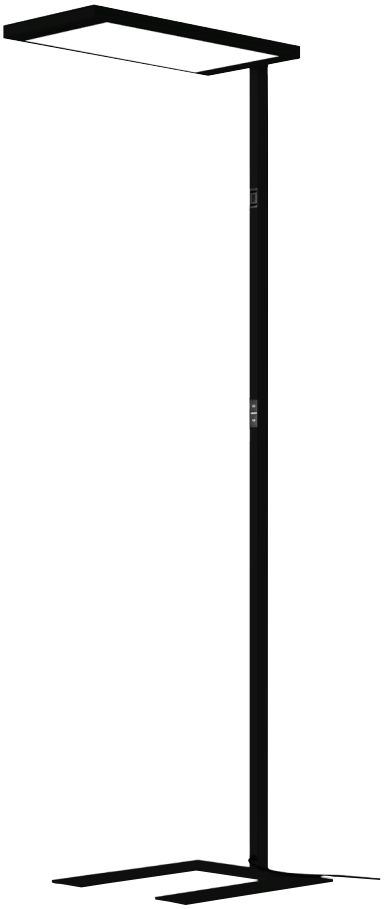
LIGHT FOR BETTER RESULTS

HIGHLIGHTS

LIGHT FOR BETTER PERFORMANCE

THE PERFECT OFFICE

LAVIGO.single
THE PERFECT WORKSPACE



HEALTH & WELL-BEING
With daylight simulation aligned to human rhythm, LAVIGO.single supports circadian health, reduces fatigue and elevates overall well-being.

WORK EFFICIENCY & ERROR PREVENTION
In Focus mode, the light delivers precise, stable illumination that enhances attention and accuracy — reducing errors and increasing workplace efficiency.

PROBLEM SOLVING & INNOVATION
Creativity mode energizes collaboration, idea generation and dynamic thinking through adaptive light settings — turning spaces into innovation hubs.

ROOM CLIMATE
Integrated smart sensors monitor temperature, humidity and sound levels, providing an optimal ambient climate that supports comfort, health and focus.

CONNECTIVITY
As part of the smart office ecosystem, LAVIGO.single offers app control, swarm-control networking and building management integration — creating a connected workplace.

LAVIGO.meet
THE SMART MEETING ROOM

HEALTH AND WELL-BEING
The Wellbeing Mode with daylight simulation supports circadian rhythm, reduces stress, and promotes physical and mental balance throughout the workday.

WORK EFFICIENCY & ERROR PREVENTION
In Focus Mode, glare-free precision light enhances attention and accuracy. Employees stay alert longer — reducing errors and boosting overall performance.

PROBLEM SOLVING & INNOVATION
Creativity Mode inspires collaboration and cognitive flexibility through dynamic, stimulating light — turning meetings into spaces where innovation flows naturally.

ROOM CLIMATE
More than light: integrated environmental sensors monitor temperature, humidity, and sound to create a perfectly balanced room climate that enhances wellbeing and concentration.

CONNECTIVITY Smart and connected.
LAVIGO.meet integrates seamlessly into building management systems and digital office networks — enabling data-driven comfort and intelligent control.

VIVAA.free
THE EFFICIENT DIRECTOR'S OFFICE

HEALTH & WELL-BEING
With integrated daylight simulation, VIVAA.free supports natural circadian rhythm, enhances daytime performance and improves sleep quality at night.

THE RIGHT ATMOSPHERE
At the same time, it sets the right atmosphere for confidential and meaningful conversations — ensuring that important personnel discussions take place in a calm, respectful, and emotionally balanced light.

DESIGN EXCELLENCE
VIVAA.free features a minimalistic, sophisticated form that blends seamlessly into contemporary interiors. Available with either a warm wood tripod base or a sleek metal stand, it offers architectural elegance and material contrast — making it as much a design statement as a lighting solution.

INVESTMENT SECURITY
VIVAA.free delivers long-term value through a timeless modular design and premium build, safeguarding your lighting investment for years to come.

VIVAA.social
THE CREATIVE COLLAB SPACE

SOCIAL INTERACTION & ATMOSPHERE
Today's workplaces thrive on connection, exchange, and innovation. In flexible mid-zones where spontaneous conversations and planned meetings coexist, VIVAA.social creates a pleasant, indirect light atmosphere that fosters social interaction and creative flow — even in high or dark spaces.

HEALTH AND WELL-BEING
Using daylight simulation, VIVAA.social supports natural circadian rhythms and promotes physical and mental wellbeing throughout the day.

LIGHT QUALITY
Outstanding light quality and visual comfort make VIVAA.social ideal for open and creative zones. Its indirect, glare-free illumination enhances both mood and productivity.

DESIGN EXCELLENCE
Developed in collaboration with the renowned Ippolito Fleitz Group, VIVAA.social stands out with its distinctive aesthetic — combining architectural elegance with emotional warmth. It becomes a true design statement that enriches every modern workspace.

VIVAA.pendant
THE CONNECTING SOCIAL AREA

HEALTH & WELL-BEING
With built-in daylight simulation, VIVAA.pendant aligns light levels and color temperature with biological rhythms — supporting circadian health, reducing strain and enhancing wellbeing.

SOCIAL INTERACTION & ATMOSPHERE
With its wide, ambient indirect lighting distribution, VIVAA.pendant transforms shared zones into inviting areas — enhancing conversation, collaboration and social connection in modern workspaces.

DESIGN EXCELLENCE
Sleek pendant form, optional decorative shades and refined finishes make VIVAA.pendant a statement-piece that combines aesthetic elegance with technical precision.

INVESTMENT SECURITY
With premium materials, a timeless design and long-term warranty, VIVAA.pendant offers a robust lighting investment that remains relevant as office needs evolve.

SMARTER ECONOMY
Thanks to its high light output, fewer fixtures are often needed per room. VIVAA.pendant is durable, energy-efficient, and delivers sustainable cost-effectiveness.

ViVAA.fit

HIGH LIGHT QUALITY & VISUAL COMFORT

COMFORTABLE, GLARE-FREE ILLUMINATION
Integrated indirect lighting and microprismatic optics provide glare-free direct and ambient light for enhanced visual comfort.

SUPPORTS HEALTH & WELL-BEING
Optional VTL daylight management automatically adjusts color temperature (2700–6500 K) to support natural circadian rhythms.

IMPROVES VISUAL CLARITY
High color rendering (Ra >90, R9 >50) ensures accurate color perception and comfortable viewing in work and lounge areas.

OPTIMIZED FOR SCREEN-BASED WORK
Screen-compatible lighting according to EN 12464-1 reduces reflections and eye strain.

FLEXIBLE DESIGN FREEDOM
Available in two sizes and multiple light colors (3000 K, 4000 K, VTL) to suit various applications and room sizes.

MODERN, SLIM AESTHETIC
Ultra-flat 63 mm design with slim 28 mm ring and edgelight technology creates a clean, contemporary appearance.

EASY INSTALLATION & INTEGRATION
Surface-mounted wall or ceiling design simplifies installation in new or retrofit projects.

ADAPTIVE LIGHTING CONTROL
Dimmable DALI capability allows flexible light adjustment for different tasks and environments.

SAFETY & COMPLIANCE READY
Suitable for emergency lighting according to EN 50172 for added safety and compliance.

VANERA.fit
THE WELCOMING CORRIDOR

LIGHT QUALITY
Its low-shadow direct/indirect light and glare-free optics ensure uniform illumination and minimize annoying shadows — especially in corridors and high-traffic zones.

HEALTH AND WELL-BEING
With daylight-tracking and biodynamic lighting options, the luminaire supports circadian rhythms and enhances wellbeing — especially in long corridors.

INVESTMENT SECURITY
With retrofit-compatible mounting rails and a 20-year warranty, VANERA.fit offers a future-proof lighting investment that easily adapts and modernizes your space.

SUSTAINABILITY
Featuring modern LED technology for high efficiency and low power consumption, VANERA.fit supports energy-saving and resource-efficient lighting concepts.

SMARTER ECONOMY
Thanks to its high light output, fewer fixtures are often needed per room.

R7 Architectural Series
THE INVITING LOBBY AREA

SOCIAL INTERACTION & ATMOSPHERE
R7 architectural luminaires are popular fixtures to make a statement in lobbies or entry ways. Proven luminaires serve as ambient accent fixtures to create atmosphere and function. R7 architectural luminaires are easy to customize with different metal or plastic color caps to match environments.

DESIGN EXCELLENCE
The flexible and timeless design is used in many scenarios both inside and outdoors. R7 architectural luminaires are available in many color temperatures and lengths. Plus gel sleeves are optional for designers that want color to create a custom look.

PROVEN PERFORMANCE
More than an iconic statement, R7 architectural luminaires deliver exceptional even lumen output 360 or 180 degree models.

PARA.MI

THE PERFECT WORKSPACE

BETTER VISION, BETTER FOCUS
As visual needs evolve over time, PARA.MI provides the perfect lighting supplement for those who need more brightness — especially users over 40.

WORK EFFICIENCY & ERROR PREVENTION
By providing stable, high-quality illumination at the work surface and minimizing glare and shadows, PARA.MI helps users maintain concentration and reduce errors — boosting productivity.

INVESTMENT SECURITY
PARA.MI delivers long-term value with high-quality materials, minimal servicing and a design built to remain relevant as workplace demands evolve.

SUSTAINABILITY
Energy-efficient LEDs, low power consumption and durable architecture make PARA.MI a sustainable lighting solution that aligns with modern efficiency goals.

TANEO

LED SYSTEM TASK LUMINAIRE

REDUCE EYE STRAIN & IMPROVE VISUAL COMFORT
Wide light distribution, glare-free prismatic or satine acrylic lens options, and high color rendering create comfortable, evenly illuminated work surfaces that minimize fatigue.

FLEXIBLE, PRECISION POSITIONING
Spring-balanced arm with 3D head joint allows smooth, effortless adjustment to direct light exactly where it's needed.

CLEAR, ACCURATE TASK VISIBILITY
4000K or 5000K color temperature options provide crisp, neutral lighting ideal for detailed work and productivity.

Ready for Detailed Precision Work
Optional 3.5" magnifier enhances visibility for fine tasks and inspection work.

IDOO.line / DOTOO.line

LINEAR LIGHTING SYSTEM

REDUCE EYE STRAIN & IMPROVE VISUAL COMFORT
Wide light distribution, glare-free prismatic or satine acrylic lens options, and high color rendering create comfortable, evenly illuminated work surfaces that minimize fatigue.

FLEXIBLE, PRECISION POSITIONING
Spring-balanced arm with 3D head joint allows smooth, effortless adjustment to direct light exactly where it's needed.

CLEAR, ACCURATE TASK VISIBILITY
4000K or 5000K color temperature options provide crisp, neutral lighting ideal for detailed work and productivity.

READY FOR DETAILED PRECISION WORK
Optional 3.5" magnifier enhances visibility for fine tasks and inspection work.

CERTIFIED SAFETY & RELIABILITY
ETL/cETL approval ensures compliance with safety standards and dependable performance.

ZERA
LED BED WALL LUMINAIRE

MULTIPLE LIGHTING MODES FOR COMFORT & CARE
Four separately switchable lighting scenarios — general light (3000K), examination light (4000K), reading light (2700K), and night light (2700K) — support both patient comfort and caregiver tasks.

COMFORTABLE, GLARE-FREE EXAMINATION LIGHTING
Rectangular examination light provides uniform illumination from head to toe while minimizing glare for neighboring patients.

SLEEK, SPACE-SAVING DESIGN
Ultra-slim 20 mm profile with clean, straight lines blends seamlessly into patient room environments.

SAFE & DURABLE HEALTHCARE DESIGN
Closed housing construction protects components and supports safe use in patient environments.

CUSTOMIZABLE CONTROL OPTIONS
Optional separate switch for examination light and optional DALI compatibility provide flexible lighting control.

RELIABLE HEALTHCARE PERFORMANCE
Tested according to EN 60598-2-25 standards for patient room lighting applications.

AMADEA LED 2.0
FACILITY & ROOM LIGHT

ENHANCED PATIENT COMFORT & CAREGIVER VISIBILITY
Integrated ambient, examination, and reading lights provide balanced illumination for patient comfort and clinical tasks.

FLEXIBLE LIGHTING FOR HEALTHCARE & SENIOR LIVING
Direct and indirect lighting design supports a wide range of healthcare and senior care applications.

IMPROVED EXAMINATION ACCURACY
Focused direct lighting component delivers clear, shadow-free illumination to the bed area for clinical procedures.

COMFORTABLE, SOOTHING ROOM ILLUMINATION
Indirect lighting softly illuminates the room, creating a calm and welcoming environment for patients and residents.

BETTER PATIENT READING COMFORT
Dedicated reading light provides comfortable, focused illumination for personal use.

HIGH-QUALITY, GLARE-FREE LIGHT
CRI >90 with glare-, reflection-, and shadow-free lighting enhances visual clarity and reduces eye strain.

FLEXIBLE COLOR TEMPERATURE OPTIONS
Available in 3000K, 3500K, or 4000K to support different care environments and lighting preferences.
