

THE LIGHT OF WELL BEING
FOR THE MODERN OFFICE, TODAY AND BEYOND

THE LIGHT OF COLLABORATION

Work more efficiently, improving both productivity and creativity.

Well-lit spaces boost mood and energy levels, helping team members stay engaged and focused during meetings or group tasks. Additionally, adjustable lighting options allow teams to tailor the ambiance to their needs, whether for brainstorming sessions or quiet collaboration.

Introducing YARA, Waldmann Lighting's most intelligent and individual luminaire ever for high performance teams. The minimalist design is distinctive, practical and flexible, with concentrated and ingenious German lighting technology, smart light management options, and endless configurations. YARA sets new benchmarks in virtually every discipline.

THE LIGHT OF GOOD WORKPLACES

Everything you need. For all those who want to really get going. With this free-standing luminaire from the LAVIGO family, we have focused on standard-compliant lighting quality for screen-compatible illumination of office workstations. LAVIGO.core offers pleasant comfort to all users and increases energy efficiency. LAVIGO.core is simply the right choice when good light at the workplace is important.

THE LIGHT OF COMMUNICATION

Waldmann has added a new lighting solution to the VIVAA family: VIVAA.social.

The modern working world has long since ceased to be just about desks. Companies are increasingly relying on flexible central zones where spontaneous conversations take place as well as planned meetings. This is precisely where VIVAA.social provides the right light. Even in open-plan areas with high ceilings or in darker loft atmospheres, VIVAA.social provides pleasant indirect light. It also adjusts the lighting mood over the course of the day, modeled on natural daylight. VIVAA.social promotes well-being, whether you're brainstorming or taking a relaxed coffee break.

THE LIGHT OF CONCENTRATION

Focused light influences concentration, alertness and cognitive function.

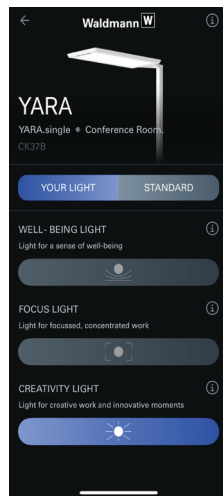

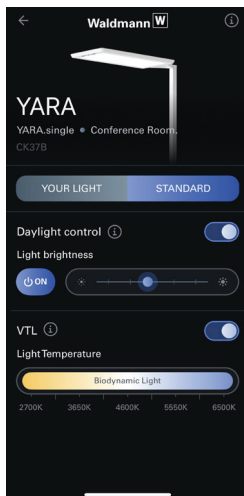

Two lighting parameters - brightness, and light position - enhance concentration by creating a comfortable and unique environment for individual needs. Controlling brightness with a dimming switch ensures workspace is neither too dim nor too harsh. Finally, positioning the light sources correctly reduces distractions and enhances visual comfort. Count on PARA.MI for optimized work environments, improved productivity and mental clarity throughout the day.

YARA

DIRECT/INDIRECT LUMINAIRE

- Smart sensors alert for noise, air quality and temperature
- Ideal light settings for well being, focus and creativity modes
- Maximum individuality in use
- High light quality
- Color temperatures from 2700 to 6500 K
- Automatic on / off
- Automatic light compensation
- Warranty - 20 years

LAVIGO.CORE

DIRECT/INDIRECT LUMINAIRE

- Premium light quality to create ideal environments for maximum productivity
- True color reproduction
- Low glare output
- Light for screen compatible illumination
- Warranty - 20 years

PARA.MI

LED TASK LIGHT

It is not only the shape and variety of colors that make PARA.MI so impressive, it also comes with a number of practical functions. The luminaire head can be pivoted and turned, while the distinctive self-locking joints are continuously flexible and completely maintenance free.

- A bright LED module in different light colors creates homogeneous, wide-angle task lighting with a maximum consumption of just 7 W
- Specially developed reflector for glare-free working
- Switching and dimming with memory function via easily accessible control button in the luminaire head
- Flexible connection possibilities for furniture systems
- Easily adjustable arm with light-touch switch on head for on/off and dimming
- Programmable memory function for automatic shut-off
- Matching base or desk clamp mounting options available
- 3000K or 4000K color temperature available
- Standard colors are white or black, and custom colors available upon request
- ETL/cETL approved
- Warranty - 20 years

Shown here in white, round double- and single-arm models. Also available in both arm styles black with square design.

ViVAA SOCIAL
