

**ARCHITECTURAL LED HIGHLIGHTS**

## LUM CONNECT SMART LIGHTING

LUM CONNECT, Waldmann's smart lighting control platform, provides a diverse range of functions to enable luminaires to be controlled intelligently. With the help of standard interfaces, the luminaires become part of networked environments and are simple to operate, enhancing user convenience and boosting energy efficiency.

## IDOO.LINE SUSPENDED LUMINAIRE

- Direct and indirect LED light generated by specially designed reflection technology
- 40% direct and 60% indirect illumination
- Minimalistic design blends seamlessly with any aesthetic
- Clean 2.4" x 4.3" profile
- Linear runs can be achieved by interlocking multiple fixtures in a series
- Adjustable Y hanging aircraft mounting
- Modular design system is built with flexibility in mind

## DOTOO.LINE SUSPENDED LUMINAIRE

- 100% direct downlight
- Sleek linear design with 2.4" x 4.3" profile
- Continuous LED light strip for soft, uniform illumination
- Modular system and interlocking design allow for linear runs of up to 60 feet
- Adjustable Y hanging aircraft mounting
- Operating device integrated directly into the luminaire
- Easy access to ballasts for maintenance-friendly operation
- All models 1-10 V dimmable
- ETL/cETL approved

## **IDOO.PENDANT** SUSPENDED LUMINAIRE

- Extremely slim, sleek profile mirrors any design or esthetic
- Edge light and light-guide technology offer a soft, even luster at the light source
- Indirect light component with batwing diffuser allows for a wide-beam light distribution
- Capability to position up to six fixtures in a continuous row or as stand alone
- Easy mounting with LED driver integrated to the luminaire
- Biodynamic light PULSE VTL available

## VIVAA SUSPENDED LUMINAIRE

- Light-enhancing micro prism lens provides even, glare-free LED lighting
- Adjustable pendant style for easy customization
- 16" or 24" diameters available
- Suitable for any room height including sloped ceilings
- Maintenance-free, easy to clean and hygienic sealed design
- Ideal for corridors, entryways and reception areas
- Biodynamic light PULSE VTL available

## R7 ARCHITECTURAL TUBE LIGHTING

- Many lengths available for customizable application
- Dimmable or on/off switching options available
- Ambient temperature range: -4°F to 104°F
- Instant-on, full light output – no warm up time
- No UV emission
- Strong, IP67-rated satine PMMA acrylic tube
- A variety of brackets and suspension devices available for both ceiling and direct wall mounting

## IDOO.RAY

### DIRECT/INDIRECT WALL LUMINAIRE

- Sleek design of the IDOO.line and DOTOO.line in a wall-mount version
- Direct/indirect light distribution ideal for hallways, stairways, etc.
- Compliant with ADA guidelines
- Beautiful brushed stainless steel panel
- Meets VGR < 19 glare control standards
- 3000 K or 4000 K color temperature available
- ETL/cETL approved

## PARA.MI

### AWARD-WINNING LED TASK LIGHT

- Delivered 600 lumens with only 8 W
- Light-touch switch on head for on/off and dimming control
- Programmable memory function for automatic shut-off
- Self-locking joints pivot and turn to adjust effortlessly
- No shadows or glare due to specially designed reflectors
- Matching base or desk clamp mounting options available
- 3000 K or 4000 K color temperature available
- Colors white, silver, black, and red; custom colors available upon request
- ETL/cETL approved

## LAVIGO

### DIRECT/INDIRECT LUMINAIRE

- Direct/indirect light for work spaces and surrounding areas
- Daylight and presence sensor technology and Pulse Talk options enable wireless communication between several luminaires
- Optimized energy consumption due to new LED technological advances
- Minimalistic form and design, timeless modular solution complements any esthetic
- Switching and dimming functions conveniently located on the pole
- Available in freestanding or desk-mount and single or double light head versions

## ACANEO

### HIGH BAY FACILITY LIGHT

- Easy modular mounting system is quick and easy to install
- Thermal management with intelligent climate protection
- Patented lenses for optimum glare control
- 60,000 maintenance service hours (L80B10)
- Sealed, closed design for safety and longevity
- Robust die-cast aluminum housing
- 4000 K, 5000 K, 6500 K color temperatures
- 14,000, 20,000 and 30,000 lumen models available
- Protection Rating IP65
- ETL/cETL approved

## VYPOR

### VAPORTIGHT LIGHT

- Vandal-resistant, air- and vapor-tight seal
- Suitable for wet and spray-down environments
- Wide, quick-release stainless steel latches and mounting bracket system
- Lever-release terminal block for easy wiring
- Continuously dimmable 1-10 V
- 5000 K color temperature
- 114,000 hours of maintenance-free operation
- Available in 4-ft and 8-ft lengths
- Protection Rating IP66
- ETL/cETL approved
