

Waldmann **W**

ENGINEER OF LIGHT.

LIGHTING SOLUTIONS FOR HEALTHCARE

ABOUT US

Waldmann Lighting's Medical Division, Derungs, designs and engineers world-class examination, minor procedure and facility lighting for the modern medical environment. Utilizing innovative Swiss engineering and technology, our Derungs Medical products are recognized around the globe as top-notch performers designed for professional, daily use in a physician's office, hospital, senior care facility or clinic. Like all Waldmann products, these lighting solutions are designed and built to the highest quality standards which have become synonymous with the Waldmann name.

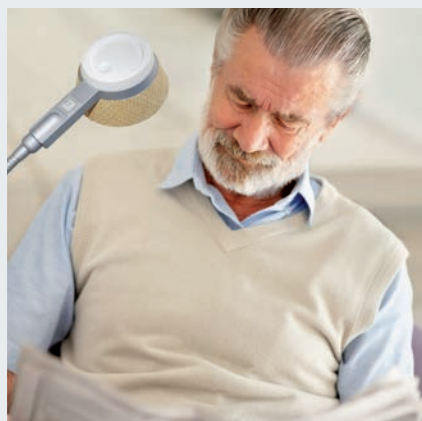

CUSTOMER SEGMENTS

Understanding the full range of applications necessary in the medical field is the basis of everything we do. Our ultimate goal is to offer energy-efficiency, sustainability, ease of use and timeless architectural design.

CLINICS • MEDICAL PRACTICES

- Ideal for examination and treatment facilities, intensive care suites, patient rooms, etc.

SENIOR CARE • ROOM LIGHT

- A diverse range of product families for corridors, resident rooms, and public spaces.

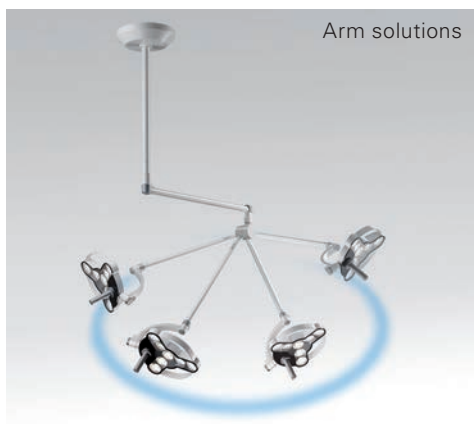

VETERINARY MEDICINE

- Lighting solutions for treatment, examination and minor procedures as well as lighting for lab benches and lobbies.

FUNCTIONALITY MEETS DESIGN

Waldmann combines science and design using the latest technology available to develop the most efficient, user-friendly lighting solution available for the medical market. Using only the highest quality materials and years of research and development there truly is a lighting solution for any medical environment.

MEDICAL LIGHTING

Derungs lighting solutions aid physicians and nursing staff in their daily tasks. A wide range of luminaires for minor procedures and examinations are part of the medical product family. Accurate color rendering, glare-free light fields, and easy positioning are only a few of the advantages.

LABORATORY LIGHTING

Light in the laboratory has its own set of standards, for example, the color temperature must be accurate and the work area must be glare-free. Waldmann Lighting's portfolio of lab luminaires offers all that and more for a wide variety of applications.

ROOM LIGHTING

In clinics, medical practices and senior care facilities, lighting solutions create a safe and friendly atmosphere. Elderly, ill and disabled people do better in general when illumination levels are higher in their environment. Besides the importance in regard to safety, residents or patients have an easier time with everyday tasks and peace of mind when the light is brighter for them.

OFFICE / ADMINISTRATION

Lighting has become an important design tool for architects and space planners. Waldmann has developed a Twin-C approach where the task and ambient lighting work together to produce a compatible, functional, and comfortable environment.
