
HALUX N50 / HALUX N30
MEDICAL EXAMINATION LIGHTS

INDIVIDUALLY FOR YOUR NEEDS. THE HALUX EXAMINATION LIGHT.

A modern classic: HALUX is impressive for its minimalistic shape and its typical Swiss attention to detail. For three decades, it has been acknowledged as the reliable light source for the medical field. Its new design offers two different versions with varying features, so everyone finds the luminaire to suit their needs. From general medical practice to gynecology to the hospital bed, the right HALUX version is available.

Fast cleaning

Thanks to its closed design, cleaning agents don't enter into the luminaire head

Maintenance free

Premium materials and durable LED technology

Safe positioning

Sophisticated arm systems, easy to position

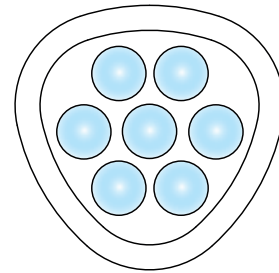

Everything at a glance

A large uniform light field for maximum ease of viewing

THE PREMIUM VERSION. HALUX N50.

The HALUX N50 is the perfect luminaire for everyone who wants better lighting performance and the ability to change the light color. With its 18 cm light field diameter and illumination intensity up to 50,000 lux at 0.5 m, the HALUX N50 offers optimal examination conditions.

HALUX N50

Outstanding color rendering

Optimal light color for precise and safe diagnoses

Intuitive operation

Simple operation with an easy-to-reach keypad*

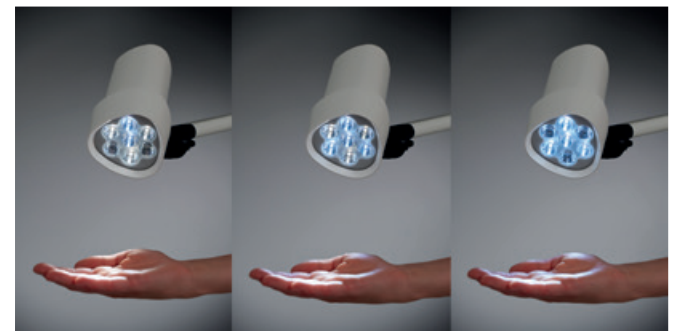

Individual light strength

5-level dimming makes the light easily adaptable

Optimal contrast viewing

3 color levels* for accurate detail and perfect contrast

3,300 K

3,800 K

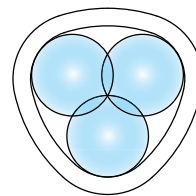

4,400 K

*HALUX N50-3 models

THE BASIC VERSION. HALUX N30.

The HALUX N30 is suitable for anyone who is on a budget but doesn't want to compromise on quality. With a 18 cm diameter light field and illumination intensity up to 30,000 lux at 0.5 m, the light field is perfectly matched to everyday life.

HALUX N30

A wide selection

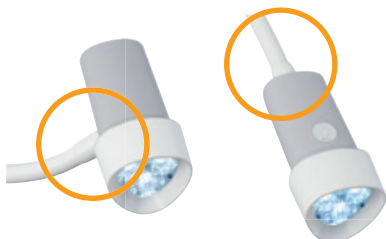

Various arm systems

Versions with or without foot joint

Attachment of the luminaire head from the side or from behind

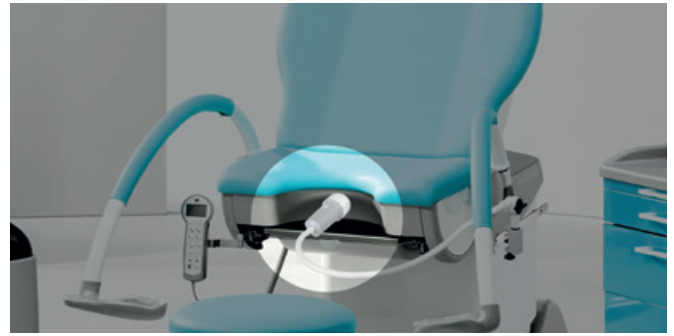

APPLICATIONS

Dermatology

- Large illumination area
- Adjustable color temperature Halux N50-3
- Very good color rendering properties

Gynecology

- Attachment to examination table / gynaecology chair
- Ergonomic operation
- Homogeneous dimmable light field

Patient care

- Dimmable light
- Various fastening options
- Robust and easy to clean

General medicine / emergency medicine

- Large illumination area
- High output, up to 50,000 lux @ 0.5 m
- Various fastening options
