

INDIRECT/DIRECT BED WALL LIGHTING FOR HOSPITALS

Introducing the "Amadea"®, our latest modular bed wall lighting system from Derungs® Medical Lighting. The Amadea features flexible and energy efficient four-way light distribution for meeting virtually all patient and staff requirements including indirect/direct lighting for examinations, direct lighting for reading, and a convenient night light – all in one luminaire! The Amadea is available in two lengths, 36 and 48 inches, and is easily mounted to virtually any bed wall area. A remote control and control pad is also offered with the Amadea. For hospital staff, use the convenient remote control to adjust the light levels, for connection to nursing staff call systems, and for telephone/network access. The pad, which is controlled by the patient at bedside, quickly calls the nurse and provides simple control of the light functions. Specify a brighter choice today with Derungs Medical Lighting.

Amadea Features:

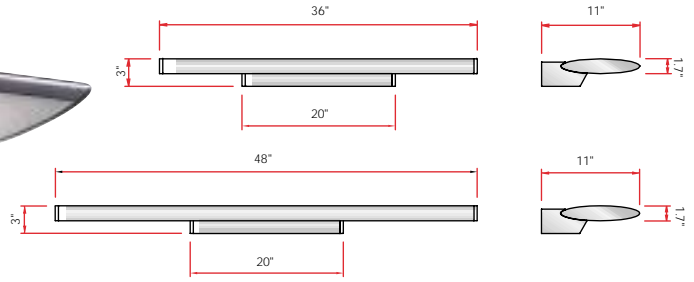

- Models are available with two energy efficient 39W or 54W T5HO fluorescent lamps for indirect/direct illumination, one 24W T5HO fluorescent lamp for direct illumination, and a 7W incandescent lamp for night lighting. The fluorescent lamps have a rated life of 20,000 hours and are supplied in 4100K.
- Choose either the "WSS model" offering a shorter 36-inch length and a light opening of 34 inches, or the longer "WLS model" providing a 48-inch length with a light opening of 46 inches for illuminating larger hospital room areas.
- Electronic ballasts increase energy efficiency, provide flicker-free illumination and are pre-wired for quick and convenient installation.
- Four-way light distribution includes indirect/direct lighting for examinations, direct lighting for reading, and a convenient night light.
- A remote control is offered for controlling the four lighting functions and for connection to telephone/network and other electrical devices including nurse call systems.
- A patient-controlled pad is also available for nurse call and for simple control of the light functions.
- Available in silver.
- UL and CUL listed, and 10-year warranted.
