

fitted with	5W UV LED
wavelength	365nm
beam angle	flood
power adapter	100 - 240 VAC, 50-60Hz
charging station	AC charger, 1m (3 ft) cable, charging base
magnet	back and bottom
charging time	4 hours with charge level indicators
run time	5 hours
battery	3.7V, 2600mAh Li-ion
lens	durable PC, clear
switch cap	built into housing
luminaire body	TPE (thermoplastic elastomer = rubber) + ABS
hook	360° rotate and swivel, nylon, black
magnet	back and bottom
weight (net)	415 g (0.91 lb)
IP rating	65
IK rating	07
ICE protection class	III
dimensions	(L)190 x (W) 56 x (D) 29mm, 7.5in x 2.2in x 1.14in
operating temperature	-10° C to +40° C, 14 F to 104 F
special features	180° swivel base
