

ENGINEER OF LIGHT.

fitted with 4 x LED modules

light distribution general lighting indirect 3750lm, lighting for reading

direct 1000lm, night lighting indirect 160lm,

examination lighting direct 2450lm

color rendering index > 80 / reading > 90, examination > 95

(CRI)

color temperature examination light: 4000K / ambient and night light: 3000K

reading light: 2700K

work equipment electronic converter, low voltage control

connected load 277 V; 50/60Hz mains lead direct power supply **luminaire** aluminum body weight (net) 6.9 kg (15.3 lbs) power consumption approximately 85W

luminous flux 7360lm

lamp cover PMMA clear, PMMA satined

class of protection

norms EN 60598-1, EN 60598-2-25

UL 1598:2008 Ed.3; CSA C22.2#250 2008 Ed.3 standards 3 color shades, general lighting, reading light, night special features

lighting, examination light

fastening wall mount glare-free freeform optic system of protection IP 20

order number D15699702 aluminum (anodized)

Derungs 2

The low voltage controller operates two loads independently, or two loads sequentially. Third load to be controlled with remote switching, supplied by other.

light distribution
