

light source	LED module
work equipment	electronic plug-in transformer
connected load	100-240 V, 50/60 Hz
power consumption	2 x 40 W
color temperature	3700 / 4300 / 4700 K
color rendering index (CRI)	>96
luminous power	2 x 130,000 lux / 1.0 m
illumination area	18/20/25 cm (7.1/7.9/9.8 in) @ 1.0m
illumination depth	80 cm (31.5 in)
luminaire body	polyamide (PA)
weight (net)	66.1 lbs (30 kgs)
usage	keypad at luminaire head
balance of articulation joints	spring (weight compensation)
protection rating	IP 20, IP 43
class of protection	I
standards met	EN 60601-1, EN 60601-2-41
power cord	direct power supply
accessories	sterilizable hand, handle cover
mounting	ceiling mount, ceiling tube can be cut on site (25-120 cm / 9.8-47.2 in)
special features	diamond optics, sterilizable handle, adjustable color temperature, focusable, 4 dimming levels

light distribution
